Parent Teacher Conferences for each class running this month

**CDC bases its Spring Break, Thanksgiving and Winter Break closures on the AISD schedule. Our annual calendar may vary slightly, as the length of winter break as determined by AISD may fluctuate due to the day of week upon which Christmas and New Year's Day fall. Our holidays are paid holidays for our staff, and we will always try to observe the same number of total holidays each year. You can view the AISD calendar online at [www.austinisd.org/academics/calendar/](http://www.austinisd.org/academics/calendar/) You may view the current CDC calendar on our website [www.discoveryschools.com](http://www.discoveryschools.com) at any time. A new calendar will be published each spring.**
